Course Registration Tips and Recommendations

1. Review Your Graduation Requirements
   - The highest priority is to build a schedule that meets your degree requirements.
   - You may be required to change your schedule if it does not fulfill your needs; this may prevent you from taking your preferred courses.

2. Schedule for Both Terms
   - Be sure to schedule your classes for both Summer Term 1 and Summer Term 2.
   - You can only register for one term at a time. Once you finalize your schedule in Summer Term 1, return to the registration landing page and choose Summer Term 2 to continue your registration.

3. Schedule Around Your 10-Week Courses
   - The day/time/professor you choose for Term 1 will be the same in Term 2.
   - Keep this time open in your Term 2 schedule—the Registrar’s Office will complete your enrollment.
   - You will be dropped from Term 2 electives that conflict with 10-week courses.

4. Pre-Registered Courses
   - If you are pre-registered for a course, it may not be possible to change or reschedule that course. Please refrain from dropping these courses unless you have first confirmed space in a different section or equivalent class.

5. Searching for Sequence Electives
   - While using Browse Classes in BannerWeb, you can select the Latin Honors and Writing Intensive option to select which sequence(s) electives to view.

6. Have a Backup Plan for Your Schedule
   - Unfortunately, some courses may fill before you are able to sign up. Have a backup plan for what you want to enroll in if your first choice(s) cannot be accommodated.

7. Tools and Aids
   - A variety of tools are available on the SSW Registrar webpage to help you schedule classes, including:
     - Templates showing the available class time blocks.
     - A detailed graduation requirements guide.
